(Insight from KJHK Station Manager Matt)

I would like to start off by saying welcome to those new folks returning to the KJHK staff. I am very excited for this summer at KJHK. Remember how late KJHK is to start airing 24/7 all summer long - KJHK is one of the elite college radio stations that is able to do so. Let's keep the station going strong through the summer, for it will make it even more strong in the fall when there are more opportunities for the station to grow.

In addition to keeping the station top-notch during the summer months, we can plan effectively for the fall. I say this to you new staffers especially, who are given a better opportunity to learn than those who start out in the fall. You all have a good advantage to those who only applied for the fall semester, but because it is a summer job, it doesn't mean we have to sit back and relax; we can still make a difference and shine. Am I sounding cheesy yet? Seriously, summer is the time to shine on KJHK and it's an easier time to shine because it's more relaxed. But because it's more laid-back, we can just make the station even better than it already is.

On a different note, I would like to say, as station manager, I would like to get to know each and every single one of you. Please do not be bashful or afraid to come on because of my extremely good looks, uh, I mean, because of my busy schedule. Feel free to stop by the new KJHK business office on the 4th floor of the Kossow Union to say hi during my office hours, or to say hi to Andy, look at any of the other cool executive stuff. I will also try my best to get to know every single one of you, even if I have to stop by the Shark and force you to play *Piebald's* new record 5 times in a row while you are on the air.

Oh, and here's my cheesy contribution to this humbling column. Remember that whether we're on the promotions staff, the sports staff, the news staff, or a 2-to-6am DJ, we are all here for the same reason - our love for the station and the station in the universe. Get to know your fellow staff, for if you have a question about the station as you, they all are there to help you. (Okay that's really cheesy.)

I look forward to hearing from all of you and have a splendid summer!

When you think of Italy what comes to mind? Spaghetti, gondolas and the birth of radio. WAIT - what? Yes - it's true. The first radio originated in Italy. Now finding it's way at 90.7, it can be said that radio's come a long way! Here's the history broken down:

- 1) Dec. of 1894 - Invention of the spark transmitter (Guglielmo Marconi in Bologna, Italy)
- 2) Dec. 1898 - World's first radio factory created on Hall Street

"Music is the universal language of mankind" - Henry Wadsworth Longfellow

1895 - Invention of continuous-wave voice transmission
North Atlantic aka AM RADIO (Reginald Fessenden of Canada)

6) Nov. 2, 1921 - Regular scheduled broadcasts began and continue every evening 8:30-9:30 pm - SHORTWAVE

7) 1931 - Discovered Radio AM RADIO transmission

8) 2000 - Discovered Digital-XM Radio

So, remember folks! Italy = birthplace of radio. Tune in next month for music aired. Now, go win the ladies over with that one-trust me;

MUSCLE BEHIND THE MUSIC

Every face in behind the KJHK staff and every name of KJHK's Summer Executive Board Members has a story behind it. This articles serves to shed some light on all the madness. This month, "MUSCLE..." sat those busy Exec. Board members down for a lil' heart-to-heart. Read on as we bring you up to speed on their views on importing things in life - cartoon/action heroes, KJ goals and the greatness that is 90.7 KJHK.

(Goals for KJ)'s Station: Summer '07
"I want us to basically not let up, keep the station strong and then when we're even stronger when fall approaches. I want to move the station to the office (newly located) the office. I also want everybody to get along/have a good time. I want Mammoth Funk going strong."

*Editors Note: The KJHK Office now located in rm. 400 of the Center for Campus Life - 4th floor of the KS UNION. Hours TBA.

(On getting involved with KJ)

"Originally I got involved with KJ because of the music. It (KJ) was the alternative to mainstream and it was the only good music station out there - I thought - and I wanted to be a part of that."

(Favorite cartoon character/action hero)

(Goals for KURK) & Programs: Summer - 85

"Music is the movement of sound to reach the soul for the education of its virtue." -Plato

Michelle Domb
KJHK Communications Director
KJHK Assistant Promotions Director

(On goals for KJHK-Promotions and KJHK-Communications: Summer '04)

"Without a doubt, it is already evident that with this semester comes a staff of boundless enthusiasm yearning to build upon KJ's past success. First, I want to channel that enthusiasm towards raising an greater awareness for the station - mainly hype up and assist carrying out - Mammoth Funk, NEO³, Saturday Freebies, and KJ Kickball* - so well it leaves you drooling. Then, I want to our website to get mad hits -via flyering/handbilling at newly introduced locations - Westport and The Plaza." We're not the only student led group and running this summer. So, for the education of its virtue." Plato

mainly, I aim to recruit PSAs to these groups currently functioning. My underground music knowledge also needs some serious schooling."

(On why I got involved with KJHK)

"Really, while most young girls were reaching for their mom's make-up, I was reaching for my mom's old vinyl's -Joni Mitchell, The Beatles, Crosby Stills, Yes and the like. Since then, the state of music and all its inhabitants have always fascinated me. Growing up in downtown Dallas -I was fortunate enough to be subject to this melting pot of music. Once at KU, KJHK seemed to be the only station that offered similar sound. Where else could you hear relevant "specialty shows" covering society today coupled with Jazz, Electric, Fusion? After listening for a day, I was hooked and I knew this was a place that I had to get involved with."

Alan Wong
KJHK Internet Director

(Favorite cartoon character/action hero)
"Haruko from FLCL"

(Goals for KJHK's Internet Summer '04)

"Unfortunately... everything... yes I mean everything... even your beloved Media Touch program fell apart after the last day of school. My first goal is to get everything working again... that means I will need to prepare for a resurrection surgery to the website and for the online music log. Then I will be implementing the computing upgrades that Peter had announced previously. For all the special programs DJ out there, I will be exploring the possibilities of archiving your shows and present them on the website... If all goes well by then, the website will feature your playlist from the music log and even the recorded audio. It will be more attractive, colorful, pleasing to your eyes, and easy to use - needless to say information that will better benefit you and maybe a message board that y'all can fight in!"

(On getting involved with KJ)

"Brent Stevens sent an email to the exec staff of the electrical/computer engineering honor society during the last week of school way back in December '03. He was looking for someone to hype up the website. I had been making websites as my hobby since high school, so I took the opportunity and joined the KJHK family."

(Goals for KJHK's Programs - Summer '04)

"AS ASSISTANT MUSIC DIRECTOR, I PLAN TO GET A MAJORITY OF OUR ALBUMS IN THE LIBRARY REVIEWED AND TO CREATE A STAFF WILLING TO LISTEN TO THIS RIDICULOUS (BUT POSSIBLE) AMOUNT. I ALSO WANT TO GET IN CONTACT WITH NEARLY ANY LABEL ON THE PLANET AND TO

"Enough of clouds, waves, aquariums, water-sprites and nocturnal scents; what we need is music of the east

CREATE A STAFF WILLING TO HELP OUT ON THIS ALSO NEARLY RIDICULOUS (BUT ALSO POSSIBLE) FEAT. NOT FINALLY BUT SINCE I CAN'T THINK OF ANYTHING AT THE MOMENT, I WOULD LIKE TO WORK MORE CLOSELY WITH THE HAUNTED KITCHEN SINCE THEY DO HAVE A BUNCH OF ALL-AGES SHOWS THAT GO WAY UNDER RADAR."

(On getting involved with KJHK)

"I GOT INVOLVED WITH KJHK BECAUSE I WORKED AT ANOTHER COLLEGE RADIO STATION IN EL DORADO, KANSAS AND WANTED TO MOVE ON TO A "CORE" STATION (CORE BEING THAT A LOT OF PEOPLE ACTUALLY LISTEN TO YOUR STATION) BECAUSE CORE STATIONS HAD MORE FREEDOM THAN SMALLER STATIONS. THEY DON'T HAVE TO WORRY ABOUT PROMOTERS AS MUCH BECAUSE THESE RADIO STATIONS HAVE A LARGE AUDIENCE, ALMOST EVERYTHING WILL BE SENT HERE REGARDLESS OF THESE ARTISTS CAN BREAK OUT. I WAS THINKING ABOUT MOVING TO OLYMPIA TO GO TO NORTHWESTERN UNIVERSITY TO GO TO KQBS WHERE CALVIN JOHNSON AND SLEATER-KINNEY GOT THEIR START AND THERE WERE SOME OTHERS IN ATHENS, LOS ANGELES, AND WFMU IN JERSEY CITY WHICH WAS THE COLLEGE RADIO STATION THAT GOT ME INTO A LOT OF THE GARAGE/PUNK THAT I LISTEN TO TODAY. BUT I DECIDED TO GO TO KJHK ALMOST EXCLUSIVELY BECAUSE I WOULD STILL BE RELATIVELY CLOSE TO WHERE MY BELOVED SISTA STILL LIVES."

Marc Ricketts
KJHK Production Director

"Pay Dillion - Sealab 2021. Its bizarre humor always makes me smile."

(Goals for KJHK Production - Summer '04)

"To create advertising library similar to KJHK's musical library, eclectic, imaginative and kick-ass."

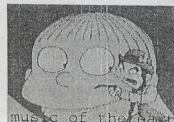

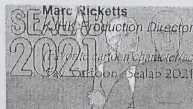

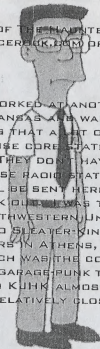

(On getting involved with KJHK)

"When I began I had a pseudo-interest in working in the advertising field. Now I just enjoy inflicting my musical tastes on the general public."

Mark Zillman
KJHK Sports Director

(Favorite cartoon character/action hero)

"Jaws Cart-on Character Ralph Wiggum."

(Goals for KJHK's Sports - Summer/Fall '04)

"KJHK Sports has had a golden opportunity to establish itself in Kansas Athletics. From broadcasting on the sidelines at a KU football game to entering such as Kansas Basketball, KJHK has a lot to offer to future sportscasters. My goal is to increase the professionalism of KJHK Sports. The University community and our supporters deserve our best effort. I have assembled an experienced staff that can not only teach the fundamentals of sports casting. I will bring in experienced guests to our morning 6th hour and 9th hour newscasts. I also believe we need to recruit more women on staff because they are more competitors in the business world today than ever before."

(On getting involved with KJHK)

"This semester will mark the third year I've worked with the KJHK Sports staff. For me, the thrill of calling Kansas athletics was too much of an opportunity to pass up. I had more fun calling out Self's first official basketball game as the new "wildcat" head coach, or the stadium lighting during the last period against bitter rival Missouri. No other school in the Big 12 offers what KJHK offers when it comes to the sportscasters of tomorrow."

Sandra Barry
KJHK News Director

(Goals for KJHK News - Summer/Fall '04)

"...KJHK News this summer & fall is going to be great both for the news staff and its listeners. We're getting a new board in the Dole Center, which will make the casts sound a lot cleaner. We'll make some changes to the schedule as well. The evening newscast will go back to airing at 5 p.m.- drive time. The morning casts will change from the current marathon 15 minutes at 7, 8 and 9, to 5 minutes at the top of each hour. The casts will be more fast-paced and you'll always hear different stories every hour. We're (the News staff) all excited about this change; it should solve a lot of the problems with morning casts, & the jazz DJs will get more air time. I also hope to work with the Multimedia Reporting instructors to help the often inexperienced KJ reporting staff understand what makes a good story on a daily turn-around. I'm really encouraging the news staff to take a more active role at KJ, and I look forward to getting them out of their newsroom shell and seeing them at more all-staff meetings and KJ events."

(On getting involved with KJHK)

"This summer is my sixth semester at KJHK, and what can I say? Journalism is awesome. I think the newscasts are a great lab for people who want to do broadcast news (they were for me), and I look forward to training a whole new group this Fall. But I also happen to love listening to KJ. I think our DJs do an amazing job and play great stuff. So, I'm very excited to be a part of the staff of the station that I listen to every day. We'll be in Dole for the news, as always, but I know I'll be in the shack too, so come say hi!"

CALLING ALL COMMUNITY LOVERS

One column's vital attempt to bring life back to Lawrence.

Hey everybody-

After a great year in our journalistic partnerships with both the University Daily Kansan and Lawrence.com, anyone and everyone involved with KJHK has the opportunity to see their name in big, bold print on both of these infinitely excellent rags. That's right, kids... Brent was the godfather, and Corrie's blew up the spot even more, but I am here to say that there are no heights that our fame cannot reach. All corners of the world will be enlightened by our superior musical knowledge and commentary. But, I need all of you to help. Lawrence.com is publishing twice this summer in print, but they need constant content for their website as well. Next fall, the Kansan publishes weekly and Lawrence.com once a month. They need us and love us.

So, if there are albums that you love/hate/are indifferent about and you'd like to join me and folks like Chris Knudsen, Kyle Garrison, Courtney Ryan, and I write back in the glow of superstardom, send me a 100-150 word review of something that you've been listening to. If you've seen a show lately and wrote about that, send it to me. If there has been a band in town recently and you interviewed them, send it to me. You get the idea, but have fun with it!

now and July 27th, so get this offer as soon as you can. I'm going to have a meeting at a still-undecided place early next week, so keep on the lookout for an e-mail about that. Otherwise, good luck with the reviews.

I hope to be hearing from many of you soon.
